

Giving the LPFM stations priority over the FM translators is a very bad idea. Specifically, this would possibly leave us without one of our favorite stations, K-LOVE. K-LOVE serves as a pillar of moral and family virtue in our community. There is already so much bad stuff out there for kids today, taking away the very few good choices we have would be a big blow to the area. I believe the services provided by K-LOVE are truly in the public interest, and urge you not to let these changes pass.

thank you.
